VOLUME XXVII NO. 55

SEYMOUR, INDIANA, TUESDAY FEBRUARY 4, 1902

PRICE TWO CENTS

SYRUP OF FIGS

NEVER IMITATED QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal, laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectively, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, stomach and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

FROM THE RUINS

Waterbury Will Be Built Up In Better Shape Than Before.

THE LOSS WAS HEAVY

Not Less Than \$3,000,000 Was the Amount of Damage Created In Sunday Night's Blaze.

Merchants of the Connecticut Town Will Rally at Once to Restore Their Loss.

Waterbury, Conn., Feb. 4.—A blackened and smoldering mass of ruins now marks the main business section of the city. The fire, which created a loss conservatively estimated at \$3,000,000, burned far into the day, and was not extinguished entirely until last evening.

The scene about the city yesterday was only little less remarkable than that of the previous evening. Thousands of people strolled around the city streets and with the greatest difficulty were restrained by the militia and police from venturing within the danger lines. A tangled network of wires on Bank and South Main streets greatly hindered the work of extinguishing the last flames and clearing away the wreckage. The Connecticut Railroad and Lighting company had men on the streets all day removing, repairing and replacing the wires. The city's telephonic communication, lighting facilities and electric power were restored before nightfall.

A revised list of losses and insurance was very difficult to obtain at this time. Few know just what the loss was on their buildings and stock. It is believed that when the truth is known the figures placed at \$3,000,000, telegraphed yesterday, will not be far from the correct estimate. The remarkable feature of the fire was undoubtedly the absence, so far as known, of loss of life. The rebuilding of ruined structures is only a question of time. Temporary quarters have been secured by all the firms. Many have already telegraphed for new stock, and will resume business immediately. The American Publishing company is among the heaviest losers, the building being entirely ruined, but the paper was issued in an abbreviated form last night. The walls of the mechanical department are still standing, and it is said that it will be roofed in immediately.

There has been more or less disorder about the streets, but the police have been very active and the militia have been of great service in handling the crowds. The streets were piled with household goods and strewn with small articles thrown from the windows. Some of this property was confiscated by passers-by, but the amount of the loss was small compared with the opportunities offered by the confusion. The number of injured was very small, and in all but one or two cases the injuries were slight. The streets are rapidly being cleared and trolley service will soon be resumed.

A PITCHED BATTLE

Desperate Race War In a Tennessee Mining District.

Chattanooga, Tenn., Feb. 4.—Almost a reign of terror exists in the vicinity of the Millstone mine of the Cumberland Coal company, 17 miles above Crossville in Fentress county, this state. Some dissatisfied miners and other men recently posted a notice signed with skull and crossbones and in red ink, warning the negroes, a few of whom are employed about the mines and at the company store, to leave at once. The negroes did not leave and the mob has twice fired into their cabins. The last time the negroes returned the fire and the mob retreated. Sunday night the mob attacked the company's commissary, but William Nixon, son of Manager Nixon, at the head of a number of white employees, charged the mob with Winchester rifles and a pitched battle ensued, the mob retreating to the woods. The situation has been reported to Adjutant General Brandon, who has promised the company protection, and the Crossville company of militia is ready to be called out at any time they may be needed. Several of the mob were arrested and taken before magistrates and released, the terrified negroes being afraid to appear as prosecutors. The company officials say they will certainly protect the negroes.

Republican Members Caucus.

Washington, Feb. 4.—The Republican members of the house of representatives had caucus in the hall of the house last night to consider a line of policy to be adopted concerning the alleged disfranchisement of voters in the South. The caucus lasted from 8 o'clock until shortly after 11 o'clock, when it was determined to adjourn for one week to consider more fully the different propositions brought forward.

Afraid to Take Money.

Constantinople, Feb. 4.—Although the agreement with the brigands has been completed they declare it is impossible to take the ransom money safely away at the present moment. The American delegates are therefore returning here to make a new arrangement.

CONGRESSIONAL

Philippine Tariff Bill Causes Another Spirited Debate.

Washington, Feb. 4.—Another spirited debate, with the Philippine tariff bill as the text, was precipitated in the senate yesterday as the result of some statements made by Mr. Carmack (Dem., Tenn.), in the course of an extended speech on the general Philippine question. It was the Tennessee senator's first speech in the senate and he was given notably good attention on both sides of the chamber. He spoke without manuscript, with earnestness, force and eloquence. At the conclusion of his address, which had been listened to by many of his former colleagues in the house of representatives, Mr. Beveridge (Ind.) challenged some of his statements. The debate which ensued was very lively for a few minutes, taking on a political phase which proved particularly interesting to the auditors who crowded the floor as well as the galleries. Mr. Beveridge and Mr. Tillman (S. C.) became involved in a heated colloquy, in which the exchanges were as hot as both senators well could make them. Prior to the taking up of the Philippine bill, the measure providing for an increase in the salaries of United States judges was under discussion for an hour. In the course of the debate the case of Judge Arthur H. Noyes of the district court of Alaska was drawn upon to show why some judges should not be given the increase.

The house devoted the day to general debate upon the oleomargarine bill. The opponents of the measure attempted to filibuster against it at the opening of the session, but were beaten by more than a two-thirds vote. Those who antagonized the bill favored the adoption of the substitute which is designed to prevent the fraudulent sale of oleomargarine under the guise of butter.

HONDO MINE DISASTER

Bodies of the Ill-Fated Miners Are Being Recovered.

Eagle Pass, Tex., Feb. 4.—Eighty-four bodies and 16 men barely alive, some of them horribly mangled, have been taken from the Hondo mines. Search for the bodies had stopped on account of the stench, but disinfected ants arrived yesterday afternoon and work has been resumed. The shaft had 118 men enrolled and 18 are still missing. Twenty-five head of dead mules have been taken from the shaft. The damage to property is very great. The company has obtained all the physicians and nurses that can be secured from all points, and is doing everything possible to save any of the miners who may still be alive. The scene at the opening of the mine was horrible. Wives, mothers and children of the dead and mangled were screaming and crying and refused to retire.

The Perils of Peace.

Washington, Feb. 4.—While driving his fast trotter Gold Pebble on the White lot yesterday General Nelson A. Miles met with an accident, his sleigh colliding with the rear of one driven by William Rackey and being overturned. General Miles was thrown to the ground but he clung to the reins and managed to control the frightened animal, although he was dragged 50 yards over the icy ground. The cutter was then righted and the general drove away. Today he is suffering no ill effects from the accident.

Caught at the Crossing.

Newcastle, Pa., Feb. 4.—Ellis Johnson and Charles Anderson were instantly killed at a grade crossing on the Bessemer railroad near the town of Bessemer yesterday. The men attempted to drive across the tracks of the Bessemer railroad and were struck by a freight train.

Father Morrissey's Condition.

Notre Dame, Ind., Feb. 4.—The condition of Father Morrissey of Notre Dame university continues to improve slowly and it is expected that he will be out of danger by the end of the week. As soon as possible he will be taken to a warmer climate.

Two Trainmen Killed.

Wheeling, W. Va., Feb. 4.—Two trainmen dead and three badly injured is the result of a train going through a trestle on the Gauley railroad near Berry's Sliding yesterday.

Bull Fighting Abolished.

Puebla, Mex., Feb. 4.—The state government has abolished bull fighting on account of its being barbarous and tending to demoralize the lower classes.

HAD NO SUSPICION

Chief Clerk of the Cuban Postal Department On the Stand.

CONFIDENCE IN NEELY

Joseph L. Bristow Signed Checks Presented By Neely Without the Formality of a Voucher.

The Custom Was to Send These Checks Back to Neely's Department.

Havana, Feb. 4.—At the hearing yesterday of the Cuban postal fraud cases, Chief Clerk Bristow testified at length regarding the method of conducting the business of the Cuban postal department. Referring to the difference between the two reports sent to Gen. Brooke, formerly military governor of Cuba, and to the postmaster general, Bristow said that he received data from the heads of departments and compiled the reports therefrom; that these reports were submitted to Estes G. Rathbone for his inspection, and that the two reports were compiled from the same sources of information. Many of the duplicate checks on which the government contends money was fraudulently obtained, were signed by Bristow in the absence of Rathbone. Bristow's cross-examination by counsel for Rathbone was largely in reference to this matter of check signing. He said he had only general instructions about signing checks, and that the checks were presented by C. F. W. Neely. He had no suspicion that anything was wrong, he said, and signed five checks for miscellaneous accounts, adding by the certification of Neely that these were correct. In case of doubt he would have asked for vouchers. Bristow said he signed one duplicate check for \$1,200 and that in Rathbone's absence the checks were endorsed by himself for Rathbone. During his cross-examination Bristow further explained that the checks were not taken to the bank by himself or by Rathbone, and that Rathbone did not send anybody to the bank with them. He said the custom was to send the checks back to Neely's department.

A GERMAN PROTEST

Complaints in Reichstag Against Christian Science.

Berlin, Feb. 4.—Christian Science was debated in the reichstag yesterday. While considering a resolution asking the government to place in insane asylums under imperial control, Dr. Heinrich Mueller said he thought that the government should take action against the "Mrs. Eddy swindle in Flottwell street, Berlin," alluding to the establishment of a certain Frau Levin Schoen, where Dr. Mueller said prayer healing was performed at two marks an hour and that Fraulein Schoen had followers in the higher circles of Berlin society. Herr Stoeker, formerly court preacher, said that Christian Science was a product of bad philosophy and worse theology imported from the United States, and that it should be made illegal in Germany, as had been done in America. Herr Stoeker suggested that the reichstag appoint a commission to investigate occult phenomena.

Count Von Posadowsky-Wehner, imperial secretary of state for the interior, referring to this matter later, said: "Christian Science and spiritualism have the same psychological source, which I regard as quite dangerous. There are certain phenomena that impress even the higher circles of society, the psychological causes of which can hardly be fathomed. These come and go, and even coolheaded and thoughtful observers and believers therein cannot be combated by force. I earnestly warn against using the power of the state against such things." The subject of Christian Science was then dropped.

Schley at Nashville.

Nashville, Tenn., Feb. 4.—Yesterday was Admiral Schley's busy day in Nashville. It marked the close of his visit, as he left early this morning, and the people vied with each other in doing honor to him and his wife. Demands on their time came thick and fast, ceasing only at a late hour last night, when the reception in their honor at the University Club came to an end.

One of the Considerations.

Washington, Feb. 4.—It is understood to be the intention of the state department to make the cession of proper coaling stations on the isthmus a condition of the undertaking to build an isthmian canal. This is one of the factors that will be taken into consideration in making the final choice of routes.

Sportsmen's Big Show.

Chicago, Feb. 4.—The opening of the second annual sportsmen's show of the International Fore, Fish and Game association at the Coliseum last night took the aspect of a society event. Nearly 10,000 people were in attendance.

Ended Life With a Bullet.

Connerville, Ind., Feb. 4.—The dead body of R. L. Johnson was found in his barn, he having committed suicide with a bullet while despondent.

NO KNOWN CAUSE

Suicide of a Young Woman Student Not Accounted For.

Ann Arbor, Mich., Feb. 4.—Miss Agnes Inglis, a sophomore student in the medical department of the University of Michigan, committed suicide here yesterday afternoon. She is a daughter of Dr. David Inglis, a prominent physician of Detroit. The young woman was an unusually bright and promising student and had already made a name for herself among her professors. She was prominent in athletics, being coach of freshman basketball team, and taking great interest in gymnastics. No motive for the deed has been discovered, but it is known that she was subject to attacks of great mental depression. At such times she has often threatened to take her life. This was probably the cause, although she left an examination in the morning in cheerful spirits. Worry over examinations does not seem to be the cause, as she passed with high marks all she had taken up to this time. After examination she went down town, returned to her room and shot herself. She then opened her door, walked out into the hall and fell in a swoon. She died half an hour later without recovering consciousness. The bullet entered near the heart, inflicting an ugly wound. She was 23 years of age and a member of the Alpha Epsilon Iota society.

Special Temperance Campaign.

London, Feb. 4.—At a mass meeting held in Exeter hall last night General Booth, the leader of the Salvation Army, inaugurated a special temperance campaign as a feature of the work of the army during the present year. General Booth said he relied confidently upon the co-operation of saloon-keepers in this work through their indicating the habitual drunkards, inasmuch as the supplying of habitual drunkards with liquor endangered the public's license, and that he intended to compile a drunkard's directory in each town and follow the drunkards home and reform them there.

Sailors In Jeopardy.

New York, Feb. 4.—The gale which has been sweeping the coasts of Long Island and New Jersey since Sunday and is continuing today, though with abated force, has brought death and disaster to sailors and their craft. Reports of loss of life are confined to the eastern end of Long Island, whence comes news that several bodies have been washed ashore. Wreckage strewn the shore in the vicinity of the Belleport, L. I., life-saving station, and three bodies came ashore east of this station.

She May Recover.

Pittsburg, Feb. 4.—The only matter now of anything like absorbing interest in connection with the Biddle is the fate of Mrs. Soffel and anything she may say concerning the escape and subsequent capture of the trio. Mrs. Soffel is lying in the Butler hospital, and though still a sick woman, her case is not considered really serious.

Mass Convention.

The republicans of the City of Seymour, Indiana, will meet in mass convention on the 8th day of February, at the City Building at half past one o'clock for the purpose of electing one committeeman from each of the five wards of the city.

W. H. BURKLEY, Chairman.
JNO. W. CONNER, Secretary.

In a spirited colloquy in the senate Senator Beveridge soon exposed Pitchfork Tillman's ignorance of conditions in the Philippines.

THE President has appointed Frank B. Posey surveyor of customs at Evansville. Mr. Posey is one of the ablest and best known men in Indiana.

IF THERE is no change in the schedule as announced, Prince Henry will pass through Seymour from Louisville, about 9 p. m. March 2. This will give Seymour people a change to at least see a train bearing his royal highness. The train will stop here briefly but will run through Columbus as fast as the law will allow.

THE plans being made for the reception of Prince Henry in New York are creating a commotion within the circle of the "smart set." How embarrassing this will be to the Prince if he finds it out.

POLITICAL GOSSIP.

W. R. McClelland, of Danville, is announced as a candidate for clerk of the supreme court. The Danville Republican speaks of him as a man eminently fitted for the office. He has served Hendricks four years as clerk of the circuit court.

George Worley, county superintendent of Kosciusko county, is the latest candidate for superintendent of public instruction.

P. H. McCormack is spending considerable time and car fare getting around among the democratic brethren to learn the congressional situation and figure out his strength. Mr. McCormack is a vigorous campaigner and he is no slouch at political manipulation. If he gets into the race in earnest he will give Griffith and New a run for their money.

It is pretty well understood now that Judge New will not be a candidate for congress but will continue to hold down the circuit court wool-sack. This will be cheering news for one Francis Marion Griffith, of Vevay.

County Council.

The county council met at Brownstown today pursuant to the call of the county auditor. It is a special meeting at which the matter of making some special appropriations are to be considered.

Methodist Meetings.

The revival meetings at the Methodist church are starting into the second week with increasing interest. Dr. Vest was heard by a good audience last night. Services again tonight at 7:30. All are invited to come.

CURE SICK HEADACHE

Sick headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing the liver, and regulate the bowels. Even if they only cured

ACHE

As they would be almost useless to those who suffer from this distressing complaint, but for the fact that they are so easily taken, and so easily make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action, please all who use them. In vials at 25 cents; six for \$1.00. Sold by druggists everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Assessors to Meet.

There will be a state meeting of the assessors of the various counties, to be held in Indianapolis at the capital building, commencing February 6th and continuing over the 7th. Every assessor in the state is expected to be present. The meeting will discuss the different phases of the tax question and interesting meeting is expected.

Oysters, fancy crackers, cranberries and apples at Hancock's.

MARRIED.

DAVID ACKERET and Miss. Anna M. Clouse, both of Reddington township, were united in marriage Sunday evening, February 2, by Rev. George W. Sweeney at his home.

Only one remedy in the world that will at once stop itchiness of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

JAMES M. RUDOLPH, of Medora, who has the contract to furnish poles for the long distance telephone line from Seymour to Louisville went to Scottsboro today to more rapidly deliver poles to the line. Two crews, one from Louisville and the other from Seymour will meet near Scottsboro soon.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden, S. C. WITH ONE VOICE.

Seymour People Who Have Investigated are a United on the Subject.

The voice of the people is heard all over the land. Trumpet notes of truth Bounded from east to west Seymour has joined the throng Many a citizen lifts his voice in praise, Enthusiastic people everywhere, Backs relieved of heavy burdens, Nights of suffering, days of misery, Become nights of rest and days of joy. It's the constant working of Doan's Kidney Pills. Are these reports all true? Here's a Seymour man; ask him his opinion.

Mr. William Zickler, of Poplar street, insurance agent, says: "I can recommend Doan's Kidney Pills, sold at C. W. Milhous' drug store. I suffered from pain over my hips and sometimes in the upper part of my shoulder. A very short course of the treatment with Doan's Kidney Pills banished the pain across my kidneys and up to date there has been no recurrence. I was told by my physician that the trouble was owing to uric acid in my system but since taking Doan's Kidney Pills I think I am about rid of it. They were positive in ridding me of the backache and regulating the action of the kidney secretions."

For sale by all dealers, price 50 cts. Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and take no other.

HAND IN HAND.

Sleeplessness, Nervousness, Indigestion, the Bane of the Present Day. Seymour People Know the Remedy.

There is a condition that a great many people get into these days—not sick able—able to be around but never feeling well—weak and the least exertion tucks them out—as months go on they become weaker until resistance to disease is practically overcome. It was directly for this class that Dr. A. W. Chase's Nerve Pills were formulated. They provide the lacking element that is wanted to remove the trouble, nerve force.

Mr. J. Blair, of No. 114 North Lynn St., Seymour, Ind., says: "For some time I have been a victim of severe nervousness, sleeplessness and indigestion. I heard Dr. A. W. Chase's Nerve Pills sell spoken of and thought I would try them. I got a box of the pills at A. J. Pellens' drug store and after using one box of the medicine I can say that the results were very satisfactory and I think with further use I would get permanent results. I think these pills grand tonic."

Dr. A. W. Chase's Nerve Pills are sold at 50 c. a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature A. W. Chase, M. D. are on every package.

Supt. Fritch Speaks.

"As to when the shops will reopen I cannot say," said Supt. Fritch this afternoon, "but I can say that it will not be far off. The company was forced to close the shops because of circumstances over which we had no control. It was an impossibility to operate the shops without laborers and the other employees would not work with other men in place of the strikers. The shops remained closed a week and the officials concluded that as they had been closed for one week without any inconvenience they could be closed some time longer. The B. & O. S. W. is a grain road and this year there is no grain to be moved. We have few cars to repair, our machinery is in good condition, we have been forced to cut down expenses and are doing so by keeping the shops closed. The shops are not closed as a disciplinary measure, as has been said, but because of business being slack."—Washington Gazette.

We having just bought the store of M. E. Flynn, corner Brown and Poplar streets, would solicit the patronage of the public generally. We keep everything usually kept in first class grocery stores; also a full line of fresh meats. Goods delivered to any part of the city. WM. ACKER.

A Novel Idea for a Play.

In the construction of the comedy "The Two Merry Tramps" Mr. Chas. Hasty, the author conceived the original idea of making his leading characters, Clarence and Artie as impersonated by Wood and Ward, tramps of the Ward McAllister genl, designating them the "destitute millionaires." Throughout the entire performance they appear alternately as the leaders of the swell set at summer places and the always-in-trouble "Happy Holligans" in search of rest and excitement their highest aspirations being the production of their Indian opera which is given by the entire company during the second act of the play. Opera house Wednesday, February 5.

Dunn Starts On Life Trip.

Fort Wayne, Ind., Feb. 4.—Charles W. Dunn, the wealthy old lumberman, who was convicted of murder in the first degree, was sentenced to imprisonment for life yesterday by Judge Edward O'Rourke. The offense of which Dunn was convicted was the criminal assault and murder of Alice Corthell, the 10-year-old daughter of a neighbor. The theory of the state was that Dunn assaulted her in his barn, hid the body in a pile of sawdust, and later carried it to his house and threw the body into a cistern under his kitchen, where it was found. The evidence was entirely circumstantial.

Will Be Tried Next Week.

Valparaiso, Ind., Feb. 4.—The trial of Michael Curtin, Bob Fleming and Roy Lowards for the supposed murder of Edward Davidson, will take place next week at Crown Point before Judge McMahon. Two hundred witnesses have been subpoenaed. The county council has been called to meet here Thursday to make an appropriation of \$3,000, estimated cost of the trial.

A Coin's Wanderings.

Newcastle, Ind., Feb. 4.—Dow Hendrickson, a farmer, 25 years ago placed a peculiar mark on a half-dollar coin, so that it would readily be recognized, and put it in circulation. A couple of days the coin was returned to him in change for some purchases at a village store. Mr. Hendrickson will now keep it as a souvenir.

THIS WOMAN

Applied for a divorce and got it.

The reason for doing so would be thought strange by us, but the Turkish courts of her time considered her grounds ample and valid.

What were they?

Her husband refused to supply her with good coffee.

We do not think these grounds sufficient for divorce, but if one finds chicory and other adulterations in the coffee grounds at home, it will often be found to be the primary cause of domestic disaster.

Good coffee is enjoyable, and what is more, healthful.

Good coffee can be had by anyone who will buy Chase & Sanborn's Coffees. Their Seal Brand is used in the best families in the country, and their high-grade coffees which come packed in parchment-lined imported bags are unequalled in excellence.

Pure, perfect, carefully selected and prepared, and what is more, it is all coffee; nothing in it in the way of an adulteration. If it ever paid to buy the best in anything, it does in buying coffee.

Special fund 15 cents on each \$100 valuation of taxable property.

SPECIAL NOTICE.

The first installment of taxes must be paid on or before the first Monday in May, otherwise the whole tax will be delinquent and subject to penalties. Particular attention is called to the fact that the spring payment having been extended to May 1st, gives the treasurer less time to hold the duplicate, and it will be to the interest of the tax-payers to be as prompt as possible in paying the same.

The second installment must be paid on or before the first Monday in November following.

City orders cannot be paid to any person owing delinquent taxes and all persons are hereby warned against purchasing such orders.

The annual sale of delinquent lands and lots will take place on the second Monday in February, 1902, at 10 o'clock a. m.

THOS. J. CLARK,

City Treasurer.

Report Approved.

The Jackson township advisory board approved the annual report of the trustee of this township Saturday and the same has been sent to the auditor for his O. K. The report was made by Phil J. Fettig who was appointed a few weeks ago to succeed W. W. Densford, who is supposed to be sojourning in some other clime than Jackson county. Just what was revealed when Densford's accounts and vouchers were checked up and his cash on hand was counted, the public will probably never know. If there was anything wrong the bondsmen, who are responsible men, made it right and the report was passed to the auditor.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have no words to express my confidence in the remedy."—Mrs. J. A. Moore, North Star, Mich. For sale by C. W. Milhous.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The Grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards (gold, silver and bronze medals, and honorable mentions), serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

ONE ON THE OLD MAN

Won't give any more satisfaction than the prices that we are quoting for building lumber, shingles, laths, joists, beams and everything in both hard and soft woods that is used for building purposes. Our prices you can't beat, nor the quality of our well seasoned, kiln dried lumber. Get our estimate before purchasing elsewhere.

The Travis Carter Co

"KEEP YOUR EYES OPEN."

For you can't see if you don't," remarked a child the other day. Some people can't see anyway because they have not had their eyes properly attended to. Give us a trial at testing your eyes and fitting glasses and we guarantee that you will see.

REPAIRS On all kinds of jewelry, clocks, watches, rings, bracelets, etc., promptly and carefully made by our experienced workman, Mr. Jackson. Prices are right on all our goods and work. Call and see our goods.

JACKSON & TINDER, Jewelers.

GOOD SHADE WORK

Requires the use of good fixtures. We use them and with first class shade cloth of all colors and widths we can meet your requirements at the lowest price consistent with the use of suitable materials. We will be pleased to measure your windows and give you an estimate.
